

# THE CAMPUS

*St. Mark's Episcopal Church*

We want you to feel at home at St. Mark's.

Our campus is comprised of several buildings, the surrounding property, and the adjacent rectory. Here is a drawing of the areas we use for worship and fellowship on Sundays.

**St. Mark's is located on the south side of E. 16th Street between Euclid Avenue and Campus Avenue.** From the street, you will first see our sign, tall cross, A-frame roof, and school bell tower.

During the week, visitors park in the front lot on the north side of the church building. On Sundays, we like to reserve these parking spots for the handicapped, those who have trouble using stairs, and visitors.

The entrance to the church and school offices is on the outer north side of the church building. The central front doors are handicapped accessible.

Inside the entrance hall or narthex, you will see our wonderful stained-glass windows that came from the original St. Mark's building. To the right are the sanctuary, chapel, and sacristy; the parish hall, guild room, kitchen, classrooms, and restrooms are to the left.

Behind, the church, is a grassy area and an amphitheater, then the classroom and preschool building to the southeast and the school library building to the southwest.

Sunday child care is provided by the preschool at the bottom of the stairs inside the enclosed play area. The school playing fields and main parking are located at the rear of the property.

The campus entrance, parking lots, and exit follow a one-way traffic pattern, and the posted speed limit is 5mph. Please pay close attention to all the signs and pavement markings.

For scheduled events, the rectory can be accessed through the white gate at the far south side of the rear parking area.
